Questions to ask your energy broker

Are you qualified to deliver the service I need?
Nothing shows quality like a proven track record and years of expereince.

Y / N

Do you offer any after care?
Some energy brokers offer their customers after care to handle any probelms that might arrise during their cotnract - but not all.

Y / N

Who pays for your service?
"No upfront costs" doesn't mean free of charge. Ask how they recouperate their costs and how much they charge for their service.

£ _____

How broad is your panel of suppliers?
The more quotes you're offered the more choice you will have when picking a deal.

Can you help me make an informed decision?
Some brokers will offer advice that has been influenced by their commission.

Y / N
